

At Classic Metal Roofing Systems, we know that today's homeowners want to make their homes reflect their personal sense of style. They are also thinking about the long-term for their homes, looking for building materials that will last, add value, and save energy. GrandeTile does all of these things.

DURABLE

Manufactured from industrial-grade .032" aluminum alloy, GrandeTile offers wind and weather resistance unmatched by other products. Unlike tile roofing, which is prone to cracking and chipping, GrandeTile resists the rigors of aging and stays corrosion-resistant. Even cut edges will not rust. And, the baked-on coating resists fade and degradation better than any other coating available today.

LOW WEIGHT

Tile roofs can weigh up to 2000 pounds per 100 square feet. Even "low weight" tiles far exceed 500 pounds. Fiberglass shingles weigh from 275 to 450 pounds. This weight places strain on your home, and poses significant cave-in threat in the event of an interior fire. GrandeTile weighs under 75 pounds per square.

ENERGY EFFICIENT

GrandeTile's Kynar 500® or Hylar 5000® paint finish includes reflective pigments for energy efficiency. Our proprietary hI-R® coating reflects radiant heat, keeping buildings naturally cooler. Homeowners report energy savings of up to 20% and more, thanks to reduced air conditioning loads. GrandeTile's unique design also includes an integral air gap as a thermal break, further helping to prevent warm weather heat transfer into your home and attic.

GRANDETILE

THE GRANDEUR OF TILE WITHOUT THE WEIGHT

A ROOF OF TIMELESS DISTINCTION

FEW ROOFS EVOKE SUCH EMOTION AS BARREL TILE ROOFS. WHETHER THE SETTING IS HISTORIC, CONTEMPORARY, OR ANCIENT – MEDITERRANEAN, TROPICAL, DESERT, OR EVEN SAVANNAH, TILE ROOFS PROVIDE DISTINCTION TO HIGHLIGHT BUILDINGS AND PROVIDE MEMORABLE CHARM. GRANDE TILE PROVIDES THIS LOOK ALONG WITH THE PROVEN AND POPULAR BENEFITS OF METAL ROOFING.

PANEL SIZES

GrandeTile is available in one and two-course modular or full-length panels, custom-crafted to meet the rafter lengths of your roof.

GrandeTile with optional multi-hued ThermoBond finish.

WARRANTY

GrandeTile features a non-pro-rated Lifetime / 40 Year Limited Warranty, transferable to all future owners. This valuable warranty includes fade and chalk coverage.

COLOR OPTIONS

CORAL BLUE

FOREST GREEN

GALLERY BLUE

MISSION CLAY

MUSTANG BROWN

REGAL WHITE

SLATE GRAY

TERRA RED

**Actual color may differ. Ask your independent dealer for true color samples.*

DRAIN CHANNEL

GrandeTile includes a patented drain channel. Hidden in the overlap between neighboring panels, the drain channel provides added protection in the event of the fiercest wind-driven rain and snow storms. This redundant protection ensures the weathertightness and long life of your roof.

THERMOBOND COATING (OPTIONAL)

Our proprietary ThermoBond finish adds an additional layer of PVDF powder coating on top of the product's initial Kynar 500® or Hylar 5000® finish.

ThermoBond features a blend of colors as well as a distinctive and inviting texture to make GrandeTile look naturally weathered, further enhancing its beauty.
